They will have the opportunity to become familiar with different areas of law through cases and activities that relate to the rights of students. In addition, they will have the opportunity to improve their speaking, arguing, and negotiating skills — all valuable as they navigate any career path.*

*UCI Law opened its doors in August 2009. We seek to create the ideal law school for the 21st century by doing the best job of training students for the practice of law at the highest levels of the profession. UCI Law is No. 21 in the U.S. News and World Report ranking of Best Law Schools in the country. Developed thoughtfully, our innovative curriculum stresses hands-on learning, interdisciplinary study and public service.*

*We hope very much that you will join us for this exciting program.*

*"I liked being able to share my ideas back and forth with others even though we had different views – relating to others in this way was an amazing experience."*
