"The TEFL program prepared me to be a professional teacher, to make lessons fun, and always push myself to be better. Without it, I wouldn’t have had the opportunity to teach in Vietnam for two and a half years and to discover that I really love teaching. Now I know it is what I want to do with my life."

THUY-VY “CECILIA” TRAN
TEFL Certificate Program Graduate

"I did a lot of research about TEFL courses before selecting UCI’s program. While there are several programs to choose from in California, no others offered all of the key points I was looking for. I came away with countless practical classroom lesson techniques, a thorough understanding of the theories, methods, and applications that are fundamental to ESL teaching. The results are already astonishing! It was truly a fantastic experience where my instructors became friends, at one of the most beautiful campuses anywhere."

The mission of the TEFL Certificate Program is to train and equip domestic and international teacher-trainees with practical teaching skills and cultural awareness to be able to successfully teach English abroad.
Teaching English as a Foreign Language (TEFL)

**CERTIFICATE PROGRAM**

Teaching abroad will give you the opportunity to learn about different cultures, the chance to make money while traveling, and the reward of helping others learn English as a second language. UCI Division of Continuing Education’s TEFL Certificate Program provides both new and experienced teachers the qualifications and skills to teach with confidence in an international English language classroom and the opportunity to find the best teaching jobs abroad. This 11-week intensive program features University of California-approved curriculum taught by highly qualified teacher-trainers who have extensive experience living and teaching abroad. As part of a cohort program, you will experience personal growth and professional development as you learn from and get to know domestic and international classmates.

**“Who knew that my one-year plan to live abroad would turn into over 3 years! I am still in Munich teaching kindergarten. This year I have also picked up some private tutoring that I do on the side. I have made so many great friends in Germany and have gotten to see so much of Europe. I am still ever so thankful to UC Irvine for teaching and preparing me so well.”**
