Overview
The Clear Induction Administrative Services Credential (Clear ASC) is designed for full-time school administrators who hold the Preliminary Administrative Services Credential and now need to clear that preliminary credential by obtaining the Clear Administrative Services Credential.

The Clear ASC is an individualized, job-embedded, two-year program with enrollment in a program expected upon placement in an administrative position, but no later than one year from activation of the preliminary credential (CTC PSA 16-13). As required by the California Commission on Teacher Credentialing (CTC), this primarily coaching-based program includes an individual induction plan, professional learning opportunities, and ongoing assessment.

The Clear ASC is offered jointly by UC Irvine Division of Continuing Education (DCE) and UC Irvine School of Education and is a CTC approved Clear ASC program. As required by the CTC, in order to be eligible for a Clear Induction ASC program, one must possess a valid California Preliminary Administrative Services Credential and be a full-time administrator prior to enrollment into the program.

The Preliminary Administrative Services Credential is valid for five years. The intent of state law is that the holder will begin work on the Clear Induction Administrative Services Credential shortly after being hired in school administration.

The length of the Clear ASC program is two academic years which includes two required courses (EDUC X399A Induction and EDUC X399B Final Evaluation). Each required course is nine months long.

Program Requirements
The requirements to obtain the Clear ASC through UCI DCE:

Course Descriptions

EDUC X399A Induction (5 units)
This coaching-based course, with an emphasis on job-embedded support, is designed for individuals who have assumed an administrative role under a Preliminary Administrative Services Credential and who now need to complete a Clear Administrative Services Credential program. Candidates will enroll in the academic year-long EDUC X399A Induction course (5 units of credit) prior to enrolling in the academic year-long EDUC X399B Final Evaluation course (5 units of credit). Successful completion of these two courses, over two academic years, comprises the course work required for the Clear credential. The central structure of the Clear Induction ASC program is the coaching experience. At the beginning of the Induction course, each candidate selects a qualified, trained coach which he/she will work with throughout the two-year program. Typically working in the same school and/or school district as the candidate, coaches are selected for skills and interest in fostering today's educational leaders. During the Induction course, candidates will complete approximately 20 hours of professional development as required in all Clear Induction ASC programs. The professional development is offered online through the course website; however, a limited number of professional development hours can be acquired through the candidate’s work-related professional development opportunities.

EDUC X399B Final Evaluation (5 units)
This coaching-based course is designed for individuals who have successfully completed the academic year-long EDUC X399A Induction course (5 units of credit) after attaining an administrative role under a Preliminary Administrative Services Credential and who need to complete the Clear Administrative Services Credential program. Candidates will enroll in EDUC X399B Final Evaluation (5 units of credit) after successfully completing EDUC X399A Induction. In the Final Evaluation course, candidates typically continue working with the same coach he/she selected in the initial course. At the start of the Final Evaluation course, candidates work with their coach to revise the personalized Action Plan. The Action Plan for Final Evaluation reflects the second 3 of 6 (4, 5, and 6) California Professional Standards for Education Leaders (CPSEL). During the Final Evaluation course, candidates will complete approximately 20 additional hours of professional development as required in all Clear ASC programs. The professional development is offered online through the course website; however, a limited number of professional development hours can be acquired through the candidate’s work-related professional development opportunities.

Fees
Each course is $3,200, making the total cost of tuition $6,400. There are two application fees which you pay for after you complete your coursework and when you are applying for the credential (a $125 application fee to UCI and a $102.50 application fee to the CTC). Please note fees are subject to change.

Coaching
A definite strength of the program is that Candidates work with 2-3 coaches over the course of the program. The Candidate is assigned a University Coach/Instructor immediately upon the start of the initial course (another University Coach/Instructor could be assigned upon the start of the final course). The candidate will interact with the university coach/instructor synchronously and asynchronously through his/her online course sites. In addition to interacting with the university coach, the candidate will select a Supporting Mentor/Coach (to be approved by the University Coach/Instructor) from his/her school district to interact
with throughout the two-year program. The candidate will select a supporting mentor/coach who has achieved success as an educational leader and who exemplifies the CPSEL. The supporting mentor/coach typically works with 1 candidate per course. The Supporting Mentor/Coach must be a stellar site or district office administrator with whom the candidate can develop a professional and collegial mentor/mentee relationship (the supporting mentor/coach is selected within 30 days of the start of the program).

Using the program-developed Individual Induction Plan/Action Plan for identifying and organizing each candidate’s specific CPSEL-based focus areas, the supporting mentor/coach and candidate will meet regularly to determine progress of the candidate and steps for further growth (a minimum of 40 hours per year). The supporting mentor/coach will formally provide feedback to the candidate and program. The university coach will serve as the university course instructor to provide guidance and support to both the candidate and the supporting mentor/coach throughout the program.

The Supporting Mentor/Coach will be responsible for:

- Mentoring/Coaching the candidate for two academic years through an individualized job-embedded plan of leadership development, based on the California Professional Standards for Educational Leadership, which has been collaboratively developed by the candidate, the supporting mentor/coach, and university coach.
- Providing formative and summative feedback to the candidate and the program.
- Utilizing the online coach’s website.
- Completing the initial orientation and supporting training provided on the coach’s website.
- Determining a final recommendation for granting a Clear Administrative Services Credential to the candidate as a result of successful completion of all UCI DCE requirements.

Candidates are required to submit a signed Supporting Mentor/Coach Application/Agreement Form which outlines expectations, responsibilities, and process at the beginning of the program.

The program prides itself on the coaching model that serves as its foundation. The coaching model is somewhat of a hybrid approach, utilizing research-based models such as: “Mentoring Matters” (A Practical Guide to Learning-Focused Relationships by Lipton and Wellman) which emphasizes coaching, collaboration, conversations, etc.; “Cognitive Coaching” (Costa and Garmston); and “Adult Learning Theory” (Knowles).

Assessment

To further support candidate growth and provide meaningful feedback, there is a multi-layered approach of assessment throughout the program. After the Candidate utilizes his/her baseline assessments to develop the Individual Induction Plan (IIP) collaboratively with the Site-based Coach, the IIP is ultimately assessed by the University Coach / instructor. The Site-Based Coach is required to provide feedback on (and rate) the level of growth on the IIP at various assigned points throughout the program. The University Coach/instructor also reviews and assesses the Candidate’s overall growth through the IIP process. The University Coach/Instructor oversees the professional learning and assesses the benchmark and summative assessments. The Program Director and program staff review the Program Assessments to evaluate and continually improve the program.
Grading
Candidates will be graded in relation to their growth and the submission of required assignments during the courses. Growth will be measured according to candidate development toward mastery of the CPSEL selected as Goals/Focus Areas and determined, in part, by the Supporting Mentor/Coach’s feedback on candidate progress. The University Coach will assign a course grade based on the Supporting Mentor/Coach’s feedback, the quality of required submitted assignments, and the University Coach’s own evaluation of the student according to all submitted documentation. Candidates must obtain a grade of “B” or better in Education X399A (Induction) and Education X399B (Final Evaluation).

What happens if I am not meeting program requirements or if I do not earn a “B” or better in a course in the program?
Candidates not making sufficient progress are notified officially by the Education Programs Department and provided with an opportunity to discuss options for assistance and to respond to Department decisions. It is possible a candidate would need to extend the completion of a course in order to have more coaching hours and support or would need to retake a course in the program by re-enrolling and paying again for that course.

What if I lose my administrative position while in the program?
As required by the CTC, candidates must be “on-the-job, in real-time” while participating in this credential program. Candidates who lose their administrative position during the program must notify UCI DCE’s Education Program at (949) 824-7945 or unex-educate@uci.edu to discuss the procedures for dropping and options for returning to the credential program at a future date.

IMPORTANT: It is extremely important that you apply for your credential soon after completing the required coursework. We will not make a credential recommendation if the coursework has not been completed within the last 5 years.

UCI Disability Services

If you need support or assistance because of a disability, you may be eligible for accommodations or services through the Disability Service Center (DSC) at UCI. Please contact the DSC directly at (949) 824-7494 or TDD (949) 824-6272. You can also visit the DSC’s website: www.disability.uci.edu/. The DSC will work with your instructor to make any necessary accommodations. Please note that it is your responsibility to initiate this process with the DSC.

Grievances

All Division of Continuing Education (DCE) students are subject to the UCI Code of Student Conduct. Implementation of some aspects of the Code of Conduct may be modified to accommodate the unique needs of our students. However, students with a grievance regarding their treatment within DCE have several avenues to pursue their concerns (as outlined on the Office of Academic Integrity and Student Conduct website): instructor of their course, Director of their Academic Program, Office of the Registrar and the Dean’s Office. Students also have access to the UCI Office of the Ombudsman, which can assist students with thinking through the problem and devising a plan for resolving issues. Although it generally makes sense to attempt to resolve any difficulties at the lowest possible level of the academic hierarchy, students may initiate the grievance policy by contacting their instructor, academic staff, or DCE management. Any grievance from applicants to appeal an admissions decision is directed to the department director for processing.
