Vision Statement for UCI Education and Leadership Preparation Programs
The UCI School of Education’s vision is to improve educational opportunities in the university, community and public schools. We are dedicated to producing innovative research and cultivating the next generation of educators and leaders who will contribute to a transformational shift in education, ensuring that all students are adequately prepared as successful and productive participants in a democratic society. To this end, the UCI educator certification programs are committed to preparing candidates who:

- Implement research-based practices to meet the needs of California’s diverse learners
- Demonstrate critical agency, advocacy and leadership to improve the educational experiences of underserved students in California public schools
- Reflect critically and consistently about student learning, teaching practice and school-wide systems.
- Strive for equity of educational opportunity and culturally responsive practices to promote each student’s academic success and well-being
- Challenge deficit narratives about diverse students’ success at school
- Collaborate with school and local communities to leverage and enhance resources, assets and knowledge.

Research Based Practices
Our programs are guided by research-based practices that closely tie theory to field-based experiences informed by local and global contexts (Darling-Hammond, 2010). The curriculum and structure of all programs is centered on three related goals of developing educators prepared to promote equitable practices and advocate for marginalized students, collaborate with local schools and communities to leverage and enhance resources, assets and knowledge, and apply a research informed lens to reflect critically about student learning, teaching, and school-wide systems (Fritzgerald, 2020; Muhammad, 2020; Zeichner et.al., 2016).

Developing equity-driven school leaders responsible for empowering, engaging, and serving the academic needs of all learners.
Our Administrative Credential Programs are guided by the California Professional Standards for Education Leaders (CAPSELs) and California Performance Expectations (CAPEs). The standards guide the course content and offer a deepening exposure and understanding to enable candidates to develop the knowledge, skills, and disposition necessary for effective and
equity driven school leadership. Through our Preliminary and Clear Administrative programs candidates are exposed to principles and practices that support educational equity, equal access and opportunities for all students, and cultural responsiveness. (The School Principal as Leader: Guiding Schools to Better Teaching and Learning. The Wallace Foundation. Lindsey, R.B., et. al. (2018). Cultural Proficiency: A manual for school leaders.)

Frequently Asked Questions Regarding Credentialing

1. How do I prove to my school district that I will be receiving the credential?

   Once all required documents are submitted and the credential analyst has processed your credential recommendation with the CTC, you will receive an email from the CTC requesting payment. For more detailed directions on how to pay for your credential after UCI has recommended you, go to https://www.ctc.ca.gov/docs/default-source/credentials/online-services/pdf/web-app-tips.pdf?sfvrsn=8a9951bb_2. After payment is received and the CTC completes your application process, you will receive a second email confirming the payment for your credential. You can use this email as verification for your district that your credential is being processed. Recommendations completed online are normally processed within 10 working days and posted to the CTC website. Employers and education agencies seeking proof that a document has been granted by the Commission may use the “Search for an Educator” button on the CTC website at http://www.ctc.ca.gov/ and key in the SS# and DOB of the person whom they wish to verify to view the electronically displayed information for the official record.

2. What if I have completed the coursework and performance assessment, but I do not yet have a job as an administrator?

   It is still very important to submit all of the documents required above EXCEPT for the verification of employment as an administrator to the credential analyst. The credential analyst will apply for a Certificate of Eligibility, which has no expiration date. You will indicate on your downloaded CTC application you are applying for your Certificate of Eligibility under Term. Once you obtain an administrative position, you and your school district will need to file for your Preliminary Administrative Services Credential with the CTC.

3. What will I do to renew the Preliminary Administrative Services Credential?

   In order to clear the credential you must complete a Clear Administrative Services Credential program and be recommended for the clear credential. See the UCI DCE website, https://ce.uci.edu/areas/education/admin_services2/, for more information on the Clear Administrative Services Credential program. Note: The CTC’s intent is an administrator enroll in a program upon placement in an administrative position but no later than one year from activation of the preliminary credential (CTC PSA 16-13)

4. Does UCI Division of Continuing Education offer a traditional or intern preparation program? UCI DCE offers a traditional, and not an intern option. Check with your employer if you are required to participate in Preliminary Administrative Services Credential program that offers an intern option.
IMPORTANT: It is extremely important that you apply for either your credential or the Certificate of Eligibility immediately after completing the required coursework and performance assessment. We will not make a credential recommendation if the coursework and performance assessment have not been completed within the last 5 years.

UCI Disability Services
If you need support or assistance because of a disability, you may be eligible for accommodations or services through the Disability Service Center (DSC) at UCI. Please contact the DSC directly at (949) 824-7494 or TDD (949) 824-6272. You can also visit the DSC’s website: http://www.disability.uci.edu/. The DSC will work with your instructor to make any necessary accommodations. Please note that it is your responsibility to initiate this process with the DSC.

Grievances
All Division of Continuing Education (DCE) students are subject to the UCI Code of Student Conduct. Implementation of some aspects of the Code of Conduct may be modified to accommodate the unique needs of our students. However, students with a grievance regarding their treatment within DCE have several avenues to pursue their concerns (as outlined on the Office of Academic Integrity and Student Conduct website): instructor of their course, Director of their Academic Program, Office of the Registrar and the Dean’s Office. Students also have access to the UCI Office of the Ombudsman, which can assist students with thinking through the problem and devising a plan for resolving issues. Although it generally makes sense to attempt to resolve any difficulties at the lowest possible level of the academic hierarchy, students may initiate the grievance policy by contacting their instructor, academic staff, or DCE management. Any grievance from applicants to appeal an admissions decision is directed to the
department director for processing.
