Program Requirements
Before enrolling in a preparation program for the Preliminary ASC, you should:

- Possess a valid life or clear California teaching or service credential along with a baccalaureate degree and (if applicable) an English learner authorization
- Meet the basic skills requirement
- Complete a minimum of five years of full-time service in public or private schools (If you do not have the five years, you may be eligible to receive a conditional admittance to the program and complete the five years of full-time service at the time of recommendation for the Preliminary ASC). - Access to educational leadership administrative activities and a site-based supervisor to participate in EDUC X397A and EDUC X397B Supervised Administrative Field Work

Admission Process
You must apply to the program prior to beginning coursework. Enrollment does not constitute admission to the program. Your completion requirements are based upon when you are admitted to the program, not when you began taking coursework.

The application packet includes the following:

- A completed application form (Please fill out all sections of the application form. Failure to complete all sections of the application form could result in delaying the admissions process.)
- Copy of valid life or clear California teaching or service credential or credentials
  The following are the types of clear or life teaching and services credentials that may serve as the prerequisite credential for a PASC or CE under the approved regulations:
  a. A clear or life California teaching credential that requires a baccalaureate degree and a program of professional preparation, including student teaching or the equivalent, and holds an English learner authorization; or
b. A clear or life California designated subjects teaching credential in adult education, career technical education, vocational education or special subjects, along with possessing a baccalaureate degree and holds an English learner added authorization; or
c. A clear or life California services credential in pupil services, health services for school nurses, teacher librarian services, or speech-language pathology or clinical or rehabilitative services requiring a baccalaureate degree and a program of professional preparation, including field work or the equivalent.
   o A copy from the CTC website is acceptable documentation

- Copy of basic skills requirement (i.e. CBEST, CSET with Writing Skills test, CSU Early Assessment Program, CSU Placement Examinations, Out of State Basic Skills Examination, SAT, or ACT)
  o If you do not have a copy of your CBEST, you may obtain a copy at http://www.ctcexams.nesinc.com/results.asp or your school district.
  o The list of Basic Skills examinations from other states accepted by the Commission can be found at http://www.ctc.ca.gov/credentials/leaflets/cl667.pdf.

- Official verification of at least five years of full-time employment on a valid California teaching or service credential in a public school, nonpublic school, or private school of equivalent status located in California or another state. Full-time experience for the credential is defined as teaching a minimum of four hours per day on a daily basis for at least 75% of a school year. Experience may be accrued in increments of a minimum of one semester. Day-to-day or other short-term substitute experiences are not acceptable. However, the experience does not have to be earned while holding a teaching or other qualifying credential. Experience earned in a private school of equivalent status prior to issuance of a teaching/services credential or experience earned in a public school on the basis of an emergency permit, intern credential, Short-Term Staff Permit, or Provisional Internship Permit is acceptable toward the required five years of experience. The five years of experience may be teaching experience; services experience in the areas of Pupil Personnel, School Nurse, Teacher Librarian, and Speech-Language Pathology or Clinical or Rehabilitative Service; or a combination of teaching and services experience (CTC Coded Correspondence 13-08 and CTC Leaflet cl574C).
  o Verification of experience must be on the district or employing agency letterhead. Verification needs to be signed by your school district’s Director of Human Resources, Director of Personnel, Superintendent, or Assistant Superintendent. School or district personnel other than the applicant must verify all experience (CTC leaflet cl574c).
  o If you have less than five years experience, contact UCI DCE’s Education Programs at unex-educate@uci.edu or (949) 824-7945. It may be possible to be admitted to the program and complete the five years of full-time service at the time of recommendation.

- Statement of Purpose
  o In writing please provide your reasons for participating in the CTC-issued Preliminary Administrative Services Credential program and how the program may be relevant and applicable to your goals as an educator (approximately one page in length). Address to Preliminary Administrative Services Credential Program. (Sample ideas: you may include your personal history in terms of employment, personal/professional characteristics, and experience working with diverse learners.)
• References
  o Please provide two letters of reference addressed to the Preliminary Administrative Credential Program submitted by principals or district administrators who have current knowledge of your appropriate professional experiences and personal characteristics, including sensitivity to California’s diverse population, effective communication skills, basic academic skills, and prior experiences that suggest a strong potential for service in school administration.

Please visit [http://teiis-02.gse.uci.edu/uci-unex/](http://teiis-02.gse.uci.edu/uci-unex/) to complete the application form and to submit the required documents stated above. The school district, student, and UCI jointly plan the work experience, its supervision, and accompanying academic work.

Supervised Administrative Field Work
The fieldwork sequence, EDUC X397A & B, is an eight (8) unit requirement. Candidates will enroll in EDUC X397A (4 units) prior to enrolling in EDUC X397B (4 units). Fulfilling this requirement will require a commitment of 80 hours by the candidate as verified by a chronology of related activities and confirmed by the candidate’s site supervisor.

The purpose of this field experience sequence is to provide the prospective school administrator/leader with an opportunity to integrate the knowledge and theoretical/research perspectives gained through academic coursework with empirical considerations of the school site/district environment. The focus of this integration may take many forms depending on the candidate’s current professional role and/or career goals, the needs of the cooperating school district, and the requirements established by the CTC and the university program. Successful completion of the fieldwork is a requirement for the Preliminary ASC.

Examples of possible fieldwork projects include:
- Observation/analysis of the role behavior of a school site/district administrator.
- Observation/analysis of the operation of certain school groups, e.g. school site council, school board, curriculum committees, and how leadership affected that operation.
- Participation in an administrative/leadership role at the school site or district.
- Leadership activities related to the planning and implementation of a school site or district program/policy.
Comprehensive Examination
The final requirement in the program is a take-home comprehensive examination focusing on one or two salient questions from each course in the program. The exam questions have been crafted by Preliminary ASC program instructors. The exam is distributed to each candidate by the Education Programs Department once all courses have been successfully completed and the candidate requests the exam. It is the Program Director’s responsibility to evaluate completed exams and to notify candidates of their results.

Grade Requirements
All coursework must be completed with a grade of “B” or better. Candidates not making sufficient progress are notified officially by the Education Programs Department and provided with an opportunity to discuss options for assistance and to respond to Department decisions. It is possible a candidate would need to retake a course in the program by re-enrolling and paying again for the course.

Fees
Fees range from $450 - $620 per course, making the total cost of tuition $6,140. There are two application fees, which you pay after you complete your coursework and when you are applying for the credential (a $125 application fee to UCI and a $102.50 application fee to the CTC).

Frequently Asked Questions Regarding Credentialing

1. How do I prove to my school district that I will be receiving the credential?
   Once all required documents are submitted and the credential analyst has processed your credential recommendation with the CTC, you will receive an email from the CTC requesting payment. For more detailed directions on how to pay for your credential after UCI has recommended you, go to [http://www.ctc.ca.gov/credentials/online-services/pdf/recommend-tips.pdf](http://www.ctc.ca.gov/credentials/online-services/pdf/recommend-tips.pdf). After payment is received and the CTC completes your application process, you will receive a second email confirming the payment for your credential. You can use this email as verification for your district that your credential is being processed. Recommendations completed online are normally processed within 10 working days and posted to the CTC website. Employers and education agencies seeking proof that a document has been granted by the Commission may use the “Search for an Educator” button on the CTC website at [http://www.ctc.ca.gov/](http://www.ctc.ca.gov/) and key in the SS# and DOB of the person whom they wish to verify to view the electronically displayed information for the official record.

2. What if I have completed the coursework and comprehensive exam, but I do not yet have a job as an administrator?
   It is still very important to submit all of the documents required above EXCEPT for the verification of employment as an administrator to the credential analyst. The credential analyst will apply for a Certificate of Eligibility, which has no expiration date. You will indicate on your downloaded CTC application you are applying for your Certificate of Eligibility under Term. Once you obtain an administrative position, you and your school district will need to file for your Preliminary Administrative Services Credential with the CTC.

3. What will I do to renew the Preliminary Administrative Services Credential?
   In order to clear the credential you must complete a Clear Administrative Services Credential program
and be recommended for the clear credential. See the UCI DCE website, https://ce.uci.edu/areas/education/admin_services2/, for more information on the Clear Administrative Services Credential program. Note: The CTC’s intent is an administrator enroll in a program upon placement in an administrative position but no later than one year from activation of the preliminary credential (CTC PSA 16-13)

IMPORTANT: It is extremely important that you apply for either your credential or the Certificate of Eligibility immediately after completing the required coursework and comprehensive exam. We will not make a credential recommendation if the coursework and comprehensive exam have not been completed within the last 5 years.

Grievances
All Division of Continuing Education (DCE) students are subject to the UCI Code of Student Conduct. Implementation of some aspects of the Code of Conduct may be modified to accommodate the unique needs of our students. However, students with a grievance regarding their treatment within DCE have several avenues to pursue their concerns (as outlined on the Office of Academic Integrity and Student Conduct website): instructor of their course, Director of their Academic Program, Office of the Registrar and the Dean’s Office. Students also have access to the UCI Office of the Ombudsman, which can assist students with thinking through the problem and devising a plan for resolving issues. Although it generally makes sense to attempt to resolve any difficulties at the lowest possible level of the academic hierarchy, students may initiate the grievance policy by contacting their instructor, academic staff, or DCE management. Any grievance from applicants to appeal an admissions decision is directed to the department director for processing.
