SPRING 2019

OLLI at UCI
Enrollment begins on Thursday, January 3, 2019.
See page 3 for enrollment information.
ce.uci.edu/olli
Welcome to the Spring 2019 OLLI@UCI catalog! All of our volunteers - presenters, developers, facilitators and committee members - have worked diligently to make this Spring’s offerings the best we can make available. However, it is also very important that we hear back from you about what you would like to see offered in the future, so that we can continue to be responsive to our members’ interests. So please let us know what you would like to see offered in the future.

Robert H. Smith
President, OLLI at UCI
MEMBERSHIP

Spring semester membership (February through June) is $150. If you joined as an Annual member in the Fall, you do not need to pay an additional membership fee. Membership entitles you to enroll in six courses. There is no limit on Special Events, which may have an additional fee. Six weeks after registration begins, you may enroll in additional courses, if space is available. OLLI courses are held at our classroom at the Irvine Station, 15207 Barranca Parkway, unless otherwise indicated. See the map on page 2 of this catalog.

ENROLLMENT

Spring enrollment begins on Thursday, January 3, 2019. Online enrollment begins at 7 AM; phone and mail enrollments will be processed beginning at 8 AM.

- **Online**: go to https://ce.uci.edu/olli and click on **Enroll Online Now**. If you have already created an online account, log in using your e-mail address and password. If you are new to OLLI, you will need to create an account, which you can do before enrollment begins. Problems enrolling online? Call 949-824-5414.

- **By phone**: call UCI Student Services at 949-824-5414 and press 0 to talk to an enrollment specialist, Monday through Friday, 8:00 AM - 5:00 PM.

- **By mail**: Send completed form, located in the back of the catalog, Osher Lifelong Learning Institute Enrollment, UCI Division of Continuing Education P.O. Box 6050, Irvine, CA 92616-6050.

We’re sorry, but enrollments cannot be processed at the OLLI office at the Irvine Station.

The views and opinions expressed in our courses are those of the presenters and may not reflect the views of OLLI at UCI.

CONFIRMATIONS - If you enroll online, you will get an immediate confirmation via e-mail. If you mail or call in your registration, your confirmation will be mailed to you before the semester begins. You can view your course schedule at any time by going to our website, clicking on View Course Schedule, and logging in.

REFUNDS - Sorry, there are no refunds on membership fees. See the Special Events section for information about refunds for trips.

FIVE MINUTE RULE - Five minutes prior to the start of class, any extra seats will be released to walk-ins. Even if you are enrolled, a seat cannot be guaranteed if you are late. Please arrive early to class.

WAITLISTS - If you are waitlisted for a course, you will be notified if space becomes available. You are also welcome to come in as a walk-in; for most classes, space is available for walk-ins.

QUESTIONS? - Call the OLLI office at 949-451-1403, email olli@uci.edu, or refer to the frequently asked questions in this catalog. For help with enrollment, call 949-824-5414.

SCHOLARSHIPS - There are a limited number of need-based scholarships available to help offset membership fees. Please call the OLLI office for more information.

• Where are your classes held?
Our classroom and office are located at the Irvine Station, across from the train station lobby and facing Ada, at 15207 Barranca Parkway, Irvine. The office hours are 9 AM to 2 PM, Monday through Friday. Contact us at 949-451-1403 or olli@uci.edu. Most classes are held here, unless otherwise noted. Ample free parking is available in the adjacent parking structure.

• I am waitlisted for a class. How do I know if I can get into the class?
You will be notified if space becomes available. You may also show up on the day of class to see if there is room since some people don’t call to cancel. In most cases, there is space available for walk-ins.

• How do I suggest a course for OLLI?
Attend a curriculum committee meeting and share your ideas. Meeting dates are posted in the classroom.

• If I arrive late for my class, will you hold my seat?
We’re sorry, but we are unable to hold seats in a full class. Arrive early; five minutes prior to the start of class any extra seats will be released to walk-ins. Even if you are enrolled, a seat cannot be guaranteed if you are late.

• How can I get involved?
We need volunteers to facilitate classes, organize events, develop new classes, and more. Contact us at olli@uci.edu for more information.

More questions?
Contact the OLLI office at 949-451-1403 or olli@uci.edu.

Olli Extras
New members and guests are invited to join us!

Backgammon
Stimulate your mind, meet new people and enjoy the camaraderie of playing this 5,000 year-old board game. We meet at the OLLI conference room the 2nd and 4th Tuesdays of the month at 4 PM at the Irvine Station classroom. For more information, contact Yves Newmen at newmen@earthlink.net.

Movie Talk
Do you love movies? Well, so do we! One Saturday a month, a group of us gathers to talk about our latest movie encounters. Watch your Kit Mail for dates. Questions? Contact Jessie Tromberg at jzt1@cox.net.

Spanish Club
This group meets for conversational Spanish on most Friday mornings at 10 AM in the OLLI conference room. Contact Kristien Evans at kristien5@hotmail.com.

Gastronomer’s Group
All about food, dining out, and cooking. Go to our website at OLLIGastronomers.com for more information and to sign up.

Mah Jongg
Mah Jongg is a popular Chinese game played with sets of tiles. Similar to the Western card game Rummy Cube, Mah Jongg is a game of skill, strategy, and calculation and involves a degree of chance. Come play and/or learn Siamese (a game played with only two participants) or regular Mah Jongg. We meet at the Irvine Station Classroom every Thursday at 4 PM. For more information, contact Carolyn Brothers at cbdancer@aol.com.

Travel Talk
Once a month or so, on a Saturday morning, our members tell of their travels around the world and share their photos. Dates will be listed in our weekly Kit Mail. Interested in sharing your trip? Contact Jessie Tromberg (jzt1@cox.net) or Lonnie Horn (mail4lonnie@aol.com).

In 1997, a small group of mature learners, under the leadership of Rose Moldave, Rayna Zeidenberg, and the late Joan Schwartz and Sally Schwartz, collaborated with the University of California, Irvine, to form the Academy of Lifelong Learning. Six years later, with an initial grant from the Osher Foundation, the Academy became part of the growing Osher Lifelong Learning network. In 2006, the Foundation presented an endowment to the university on our behalf.

Who We Are

BRUSH UP YOUR SHAKESPEARE
AH 104
Even after 400 years, the Bard of Avon still has a lot to say to us. But sometimes, it’s not that easy to understand what he is saying! In this interactive class, we will do a ‘deep-dive’ into two Shakespeare plays, King Lear and a play of the group’s choosing. We will read the plays aloud in sections, and then discuss and analyze the themes, plot, and language with the help of a Ph.D. candidate in Shakespearean studies at UCI.

Enrollment is limited to 20 registered participants.

Discussion Facilitators will be chosen from members enrolled in the course.

**Arts and Humanities**

**YOU CAN’T BE ANY POorer THAN DEAD**

The Humor of Flannery O’Conner

**AH 105**

Flannery O’Conner is described as a writer of “Christian Realism” in the “genre” of “Southern Gothic.” In the 50 years since her death, these attributions have crystallized. But readers today are most impressed with her wicked sense of humor which she uses as a sharp tool of social criticism. This class will discuss three stories, “Good Country People,” “A Good Man is Hard to Find”, and “Everything that Rises Must Converge”, each one a gem of insight into racism, hypocrisy, violence and human weakness.

**NOTE:** Flannery O’Conner; The Complete Stories is available on www.AMAZON.com

**THE JOY OF OPERA**

**AH 106**

This popular course returns with more intriguing themes from the world of opera.

**March 6: Maladies and Melodies.** We explore the changing depiction of disease in opera. TB, VD, Cholera, Plague. No shots required.

**March 13: To Hell with Opera!** Hades has been a recognized destination in operas for over 400 years. Follow me down in the company of Monteverdi, Gluck, Mozart, Gounod, and others.

**March 20: The Greatest Sopranos.** We’ve met the tenors, and now for the ladies. But who are they and who says so? Controversy guaranteed.

**Presenter:** Dennis Glauber, M.D., a lifelong opera enthusiast, has traveled the world in pursuit of his passion.

**MARY BLAIR: WOMEN ARTISTS AT DISNEY**

**AH 107**

Mary Blair (1911-1978) was one of the few women artists to break the glass ceiling at Walt Disney Studios in the mid-twentieth century. Her genius with form and color and her whimsical style won Walt’s approval, and she quickly became one of his favorite artists, designing the look-and-feel of such films as “Peter Pan”, “Alice in Wonderland” and “Cinderella.” The class will look at her work in the Disney movies and at Disneyland and will also discuss the efforts of other women artists working at Disney Studios.

**LIVING IN A POST-TRUTH SOCIETY**

**AH 108**

We will drill down to the challenges that the “lying environment” presents to a democratic society. Truth decay, fake news, disinformation, virtual reality, information architectures, user interfaces, artificial intelligence, algorithms, and alternative facts are creating an information-saturated society, and most of us are completely in the dark about how it operates.

**March 26: A New “Frankenstein” Technology:** Fake News, Hoaxes, and Disinformation

**April 2: The Lying Environment: Truth Decay, Information Pollution and Gaslighting**

**April 9: Your Voice in a Collective Truth Society: Antidotes and Correctives**

**CREATIVE WRITING FOR POTENTIAL AUTHORS**

**AH 109**

Celebrate your inner author in a month-long journey in creative writing. This course will focus on the short story and creative essays, but the writing skills are applicable to longer works as well. Literary elements such as point of view, dialogue, plot structure, and characterization will be studied. There will be classroom exercises, discussion, and small group sharing of pieces written at home between classes.

**NOTE:** Enrollment is limited to 15 registered participants.

Discussion Facilitators will be chosen from members enrolled in the course.

**Presenter:** Jeanie Fritzschke is a published short story writer. She was the Curriculum Coordinator in the Irvine School District where she taught the elements of writing to high school English teachers.

GREAT WOMEN ARTISTS OF THE 19TH & 20TH CENTURIES
AH 111
The powerful influence of artists Mary Cassatt, Kathe Kollwitz, Paula Moderson Becker, Georgia O’Keefe and Helen Frankenthaler continues to be felt well into our time. This presentation will demonstrate how each of these great artists contributed important formal and thematic values to the history of art, beginning in the 19th century and moving through time to the 21st century. Participants will glimpse the intimate world of Cassatt, the war-torn realism of Kollwitz, the rural and insular realm of Becker, the pioneer simplicity of O’Keefe and the lyrical & elegant paintings of Frankenthaler.

WHAT THE DICKENS?
Exploring the Life and Work of Charles Dickens
AH 112
There are few authors in the English language more beloved than Charles Dickens. Even people who’ve never cracked open a Dickens novel are familiar with characters such as Ebenezer Scrooge and Oliver Twist. Dickens was a celebrity in his own time, in part because of his novels, but also because of his work as an editor, journalist, and actor. This lecture will explore the many different lives of Charles Dickens, as well as his enduring legacy, and will include a short dramatic reading of David Copperfield.

WALKING THE DESERT:
NEW PHOTOGRAPHIC EXPLORATIONS
AH 114
For over two hundred years, the Frontier, the Wild West had been the defining hope and dream of America. The West was a place of redemption, a site to start anew, and a territory of promises to be redeemed. Starting in the 1980s, a trio of American photographers, Richard Misrach, John Pfahl, and Peter Goin, began their explorations of the contemporary deserts. This course discusses what these photographers discovered. What is the modern fate of the American dream of renewal on the edge of the Last Frontier?

THE SCIENCE OF SUPERHEROES: Using Pop Culture to Understand the Universe  SC 204

Physics is about how objects move and interact with each other. The recent success of superhero movies creates an ideal setting for discussing physics by providing a range of visual examples of both good and bad science. In this presentation we look at a range of superpowers and how many of these powers are becoming a reality through innovative use of technology.

Presenter: Michael Dennin, Ph.D., Professor of Physics and Astronomy, Vice Provost of Teaching and Learning and Dean, Division of Undergraduate Education.

Developer: Dennis Silverman

CANCER DETECTION: The Liquid Biopsy Breakthrough  SC 203

Liquid biopsies, also known as fluid biopsy or fluid phase biopsy, are noninvasive alternatives to surgical biopsies which provide information about disease processes (such as cancer) through a simple blood draw. Because it can be performed more frequently than surgical procedures, it can better track tumors and mutations over time. Liquid biopsy of circulating tumor cells has been recently validated and approved by the FDA. This presentation will cover the factors responsible for its tremendous growth in the past few years and its importance in diagnosing and even predicting various cancers by measuring DNA fragments in blood.

iPHONE’S MOST USEFUL SECRETS: Hidden Features Every User Should Know  SC 205

Your iPhone has many practical features you probably don’t know about. The presenter has chosen his favorite and most useful tips and secrets to share with you. This session is an excerpt from his more comprehensive course, a series of four 2-hour sessions he presents in many communities throughout Orange County.

A course handout will be available for download to each participant.

Minimum requirements: familiarity with iPhone basics (phone, messages, email), iPhone 6s or newer, software updated to iOS 12 or latest available.

Developer/Presenter: Jake Jacobs, Electrical Engineer (ret.) and former FAA Certified Flight Instructor.

LIVING WELL: SLEEP DISORDERS  SC 206

Sleeping well is essential to your physical health and emotional well-being. Even minimal sleep loss can take a toll on your mood, energy, efficiency and ability to handle stress. How can you tell if your sleeping problem is a minor annoyance or something that you should discuss with your physician? Join us in a presentation by a UCI School of Medicine physician and professor.

ARTIFICIAL INTELLIGENCE AFTER THE SINGULARITY: Will This Be Humanity's Final Invention?  
SC 210

The course will cover what the sciences, social sciences, humanities and arts have to say about Artificial Intelligence’s (AI’s) impact on the evolution of consciousness, the biosphere and the universe itself. We will discuss questions of morality and ethics in an AI-pervasive world, what happens to emotion and creativity and art after the singularity, how to prevent AI from destroying us and the future of humanity in this new world.

LIVING WELL: DIABETES SCIENCE AND RESEARCH: Prevention, Treatment, and Consequences  
SC 213

Diabetes is a metabolic condition where insulin generated by the pancreas is not useful at the cellular level (Type 2 insulin resistance) or the pancreas does not produce enough insulin as a consequence of an autoimmune condition (Type 1). Proper regulation and usage of insulin by our cells to metabolize blood sugar is crucial for health. This class is intended to educate us about the advances being made in research at UCI and elsewhere starting at the cellular level, including stem cell research.

Presenter: Associate Professor Steven Chessler M.D., Ph.D., UCI Diabetes Research Center. Dr. Chessler conducts research into the molecular biology of diabetes which advances the development of treatment and cures.

ETHICS OF A SHOCKING PSYCHOLOGY EXPERIMENT:
Watch and Discuss the Documentary “Three Identical Strangers”
SC 214
The recently released 2018 movie Three Identical Strangers received a very high 95% Tomatometer critics score on review site Rotten Tomatoes. An unethical psychological experiment goes badly awry and severely impacts many lives. The extended class duration of 2.5 hours allows time for audience interaction after watching the movie. We’ll be discussing the ethics of human subject research.
Plot summary: Three strangers are reunited by astonishing coincidence after being born identical triplets, separated at birth, and adopted by three different families. Their jaw-dropping, feel-good story instantly becomes a global sensation, however, the fairy-tale reunion sets in motion a series of events that unearth an unimaginable secret.

EXPLORING MARS:
NASA’S InSight Lander Mission
SC 215
NASA’s InSight (Interior Exploration using Seismic Investigations, Geodesy and Heat Transport) Mission is dedicated to studying the interior structure and composition of Mars. InSight launched in May 2018 for its 6-month voyage to Mars’ Elysium Planitia on November 26, 2018.
The program will measure Mars’ “vital signs”: its “pulse” (seismology), “temperature” (heat flow), and “reflexes” (precision tracking). Studying Mars’ interior will help us to answer key questions about the early formation of rocky planets in our inner solar system — Mercury, Venus, and our own Earth. Understanding planet formation will help guide our search for life beyond Earth. InSight also studies tectonic activity and meteorite impacts on Mars today.

THE CONTENTIOUS DEBATE US IMMIGRATION POLICY

SS 301

The US Congress has not been able to agree on the compromises necessary to enact laws pertaining to immigration. This is due to divisions in national and state electoral politics, the courts, the media, the blogosphere, and in community organizations. Donald Trump's election to the presidency has further aggravated conflict over this issue.

The goal of this course is to analyze what it will take for Congress to summon the political will to craft a comprehensive immigration reform and what such a reform would include.

Presenter: Louis DeSipio,
UCI Department of Political Science. His research focuses on the incorporation of immigrants in democracies, especially the United States, the subject of his most recent book.

MODERN EUROPEAN HISTORY SERIES

Absolutism and the Enlightenment

SS 304

In the 17th and 18th Centuries, the dominant political model of the age was absolutism which concentrates all political power in the hands of a single monarch and his state apparatus. This idea, challenged by the British constitutional model of government and a philosophical movement called the Enlightenment whose influences, helped spark the French Revolution.

February 19th: France in the Era of Louis XIV
February 26th: The Stuart and Hanoverian dynasty in England
March 5th: The Rise of Absolutism in Europe

THE CAESARS MIGHT AND MADNESS:

Constantine the Great

SS 305

Constantine’s father became the Western Roman emperor in 305 A.D. but died the next year. Constantine was hailed as emperor by the troops under his father’s command, generating a civil war. In 324 A.D. Constantine defeated the emperor of the Eastern Empire, and the Roman Empire was once again ruled by one man. On his death bed he was baptized as a Christian and buried in Constantinople.

DERIVATIVES, GLOBAL FINANCE, AND CRISIS

SS 306

How did financial markets get so big and so crisis-prone with so little regulation? What are derivatives and what role did they play in the financial crisis of 2008-2009? What has changed since then? We will examine the role of complex, opaque financial products in the global financial system.

There will be three lectures covering the lead-up to the global financial crisis; how derivatives magnified the collapse of the US residential mortgage market; the difficulty of effectively regulating financial markets even in the aftermath of crisis.

COMMUNITY EMERGENCY RESPONSE TEAM: CERT
How Volunteers Can Help Cope With Disasters
SS 309

Emergency services personnel are best equipped and trained to handle emergencies. However, following a catastrophic disaster, you and your community may be on your own for a period of time because of the area affected, lost communications, and impassable roads. The CERT program is designed to prepare you to help yourself, your family, and your neighbors in the event of a disaster. CERT training covers basic skills important in a disaster when emergency services are unavailable. This course will provide information about CERT programs to encourage OLLI members to take the necessary training to become a CERT volunteer in their jurisdiction.

THE CURRENT CONTROVERSIES OVER FAKE AND REAL NEWS
SS 311

Charges of “fake news” seem commonplace these days. What is “fake news”? What is “real news”? How does one differentiate between them? We will discuss three major questions: the different models of news reporting in democratic and authoritarian political regimes; the changing perceptions of news and journalism and the current research on how Americans are getting information about current events, including social media; and the role of the media in recent elections and its implications for our democracy.

THIRTEENTH AMENDMENT
SS 313
This lecture comments on the manner in which modern slavery thrives in American prisons. It analyzes the invisibility of modern, legalized slavery permitted by the Thirteenth Amendment’s exception for “conviction” or incarceration. Unlike the robust scholarship examining the Fourteenth and Fifteenth Amendments, by comparison in scale and scope, the Thirteenth Amendment remains a foregone conclusion and thus surprisingly and virtually unstudied.

THE SUPREME COURT 2018-2019 TERM
SS 315
Some of the cases already on the court’s docket raise issues of double jeopardy, the availability of the federal exceptions to capital punishment, and the application of the Fair Debt Collection Practices Act. That may change as the court expands its docket with cases raising issues involving protection of LGBTQ persons under federal anti-discrimination laws and validity of federal law protecting immigrant children (DACSA). The class will examine the facts, lower court decisions, and party’s arguments in each case apolitically, permitting class members time to note their own comments.

SPECIAL EVENTS AND TRIPS
You do not need to be an OLLI member to attend our Special Events and trips!
Non OLLI members are welcome, but must register by phone at 949-824-5414.

SPECIAL EVENT REFUND/CANCELLATION POLICY

Refunds for events and trips (less a $10 administrative fee) can be made only if: the trip is sold out; the facilitator can find a replacement from the waitlist; and you cancel at least two weeks in advance. OLLI reserves the right to cancel an event or trip at its discretion and in that case those enrolled will receive a full refund. Sorry, there are no refunds for UCI performances.

Bus Trips
- Unless indicated otherwise, buses depart from the Irvine Station, directly across from the entrance to the parking garage and between the flag poles and the taxi signs.

Trip Forms
- Please bring completed UCI Liability Waiver and Emergency Contact forms. The forms can be downloaded and printed from www.olliu.ci.wordpress.com (click on Facilitator Center on the top of the page). They are also available in the OLLI classroom. The price of the Special Events includes a contribution to OLLI at UCI.

Member Responsibility for Trips:
- Notify the trip facilitator as soon as you know you cannot attend a trip or event; many times we have a waitlist.
- If you use a wheelchair or require other assistance, please notify the event facilitator prior to the trip.

OLLI Responsibility for Trips:
- OLLI will include information about the difficulty level of the trip (such as long-distance walking, uneven or inclined surfaces, or stairs) in the course description, when applicable.
- If, while on the trip, the facilitator feels that you cannot safely continue, you will be asked to wait for the group.
- OLLI will notify enrollees if a Special Event is cancelled or if the location, time or other details have changed.

BUS TRIP DEPARTURE LOCATIONS

Unless indicated otherwise, buses depart from the Irvine Station (see map on page 2), directly across from the entrance to the parking garage and between the flag poles and the taxi signs.

MYTHS AND LEGENDS OF THE SAN ANDREAS FAULT
Is the “Big One” Really Possible?
SE 51

Embark on this unique adventure to examine the San Andreas Fault in the San Bernardino Mountains. You will learn how scientists study the fault to predict earthquakes. Your guide will present so much information about fault activity, local geology and geology that you will never look at mountains, rocks and cracks in cement the same way again! We will enjoy a picnic lunch in a serene lake setting. Walking shoes are suggested.

DIRECTOR’S VOICE I:

Parliament Square

SE 66

In a world where information saturates to the point of desensitization, news stories are increasingly horrific, and the “truth” is a constantly moving target, how can one individual hope to make a difference? This hard-hitting and poignant play asks whether political protest can ever make a difference, and unflinchingly asks: what are we willing to sacrifice for our beliefs?

Presenter: Jane Page, Director,

is head of directing at UCI, and a professional director whose work is well known across the country.

DIRECTOR’S VOICE II:

The Refugee Hotel

SE 67

This dark comedy is about eight Chilean refugees who struggle, at times hopelessly, at times profoundly, with the effects of fleeing their homeland. Tragic, hilarious, and moving, The Refugee Hotel, ultimately is about love and the power to heal. It is an attempt to give voice to refugee communities from all corners of the globe.

Presenter: Juliette Carrillo, Director,

is an ensemble member of Cornerstone Theater who has collaborated in writing and directing critically acclaimed productions at several major theaters.
