Leadership and Communication Courses

Be a Technical Professional *and* a Leader

As a technical professional, it is important to effectively get your point across quickly and lead other technical professionals through positive work relationships. Courses in the Organizational Leadership and Communication Certificate Program will teach you the essential soft skills you need to maximize your business interactions to achieve your critical goals.

STRONG INTERPERSONAL AND COMMUNICATION SKILLS WILL HELP YOU:

- Communicate ideas clearly and powerfully to inspire and lead others to achieve project and organizational goals
- Build rapport with individuals to strengthen relationships across teams, departments and hierarchical levels
- Build and lead a technical team to achieve successful task completion

PROGRAM BENEFITS:

- Online courses taught by leading professionals
- Register for individual courses or complete all courses to earn a certificate
- Courses qualify for employer tuition reimbursement
- Transfer credit is available into the University of Wisconsin-Platteville's Master of Science in Organizational Change Leadership

CURRICULUM:

- Foundations of Leadership
- Interpersonal Communication
- Leading Small Groups
- Conflict Resolution
- Communicating Across Cultures
- Managing Organizational Change
- Virtual or Remote Management and Communication
- Concise Writing

PROGRAM FEES:

- Course Fee: \$590 per course
- Candidacy Fee: \$125
- Textbooks: \$100 per course (approximately)
